CAUSES OF PLAGIARISM IN BULGARIA

Iskra Arsenova

Abstract:
The paper gives the definition of plagiarism in science and higher education. The types of plagiarism by different marks are shown. The main reasons for plagiarism are described. The academic, economics, technological, social, cultural, legal causes are analyzed. Some interesting data about the perception of plagiarism in Bulgaria and Turkey are shown. The problem of plagiarism in science is serious, but... While in society does not create an atmosphere of intolerance to it all good intentions will remain unrealized.

Key words: Science, Plagiarism, Higher education, factors for plagiarism
