

# **INTERNET PLAGIARISM**

**Irena Vassileva, Maria Chankova**

## *Abstract*

The paper focuses on the relatively new practices of electronic plagiarism predominantly from the Internet. Key theories and research are addressed on the opportunities the new technologies provide not only for information retrieval but also for its abuse. Special attention is paid to the issue of plagiarism in the case of novices and their attitudes on the basis of existing research and a case study. The conclusion suggests some measures necessary to be taken in Bulgaria against plagiarism concerning both novices and established scholars.
